# ORP8F

8 pole female chassis connector, solder contacts, 180° coding, black housing

The neutriCON connectors are designed for multipin/industrial applications in harsh and demanding environment. The very robust all metal circular connector offers easy and screwless assembly, flexible part combination and a push-pull locking mechanism.

## Features & Benefits

- Contact configuration can be selected from 1 to 8 contacts.
- Easy assembly: Contact soldering in disassembled condition avoids awkward wiring of high density contacts.
- Precise and robust all metal housing.

- Push-pull self-locking system.
