

MuxLab Stereo Hi-Fi Balun

Stereo audio jopa 1 km CAT5e/6 johdolla

Tuotekoodi:	500028
EAN:	627699000281
Valmistaja:	MuxLab
%t_warranty%:	24

MuxLab Stereo Hi-Fi Balun (500028) allows an unbalanced line-level Hi-Fi stereo analog audio signal to be transmitted via single Cat5e/6 cable in a point-to-point connection to distances of up to 1km.

The product is designed for audio applications where full-range, hi-fidelity audio frequency response is required.

Used in pairs, the Stereo Hi-Fi Balun can also be used with the 500028-F (female RCA connectors).

- Extend stereo Hi-Fi audio signal distances up to 1km via single Cat5e/6
- Frequency response: 20Hz to 20kHz (over distance range)
- Color coded RCA cable leads (male plugs)
- Dimensions: 61 x 57 x 25mm plus dual 152mm leads to RCA connectors
- Weight: 0.089kg
- Compatible with MuxLab parts: 500028-F/WP-US/WP-UK, 500033/WP-US/WP-UK, 500219
- Order information: 500028 (sold individually - used in pairs)
